

Editing Classroom Engagement Restrictions in DreamBox Maths

Help guide

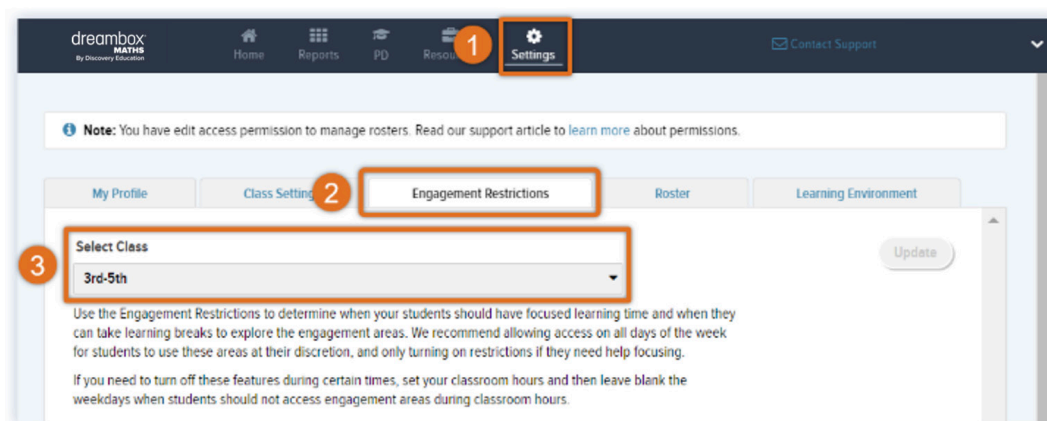

Teachers can edit the days and classroom hours students can access incentives like:

- My House (see adventure friends cards, update avatars, etc).
- Arcade (play mini-games).
- Personalisation (update avatars, music and background).
- Collections (see badges and mini-games).

We call this editing or updating the Engagement Restrictions in the student learning environments.

To update students' access to incentives in DreamBox Maths:

- Click the **Settings** icon in the top navigation pane, select the **Engagement Restrictions** tab and use the **Select Class** drop-down menu to select a classroom.

- Update the days of the week and classroom hours students should have access to learning incentives in DreamBox Maths.

Click the checkboxes to allow access to incentives during classroom hours.

Adventure Park: Grade K-2 Learning Environment

	M	Tu	W	Th	F	Non-Classroom Hours
Allow access to Arcade	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Allow access to My House	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Cool Frost & Paper Frenzy: Grade 3+ Learning Environment

	M	Tu	W	Th	F	Non-Classroom Hours
Allow access to Collections	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Allow access to Personalization	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Note: Classroom Hours indicate the hours for which you may restrict student access to games and personalisation for this classroom.

Click the checkboxes to allow access to incentives during non-classroom hours.

Use the arrows or type when classroom hours are

- Click **Update** to save your adjustments.

FAQs

I restricted my students' access to non-lesson incentives, but some of my students can still access the Arcade and other incentives. How do I fix this?

If a student is enrolled in more than one DreamBox Maths classroom, all of these classrooms need to have the same engagement restrictions or the student will be able to access incentives during any allowed time in any of the classes.

- If you know which other classes the student is enrolled in, reach out to their teachers to see if you can all set the same engagement restrictions.
- If this does not work, or you don't know which classes the student is enrolled in, contact the Customer Support Team at mathssupport@daisyeducationuk.com and we will be happy to help.

Is it possible to allow access to the Arcade, Treehouse or My Stuff only after students have completed a specific number of lessons?

Not at this time.

Can I restrict some students from the Arcade, Treehouse or My Stuff but allow others?

Not at this time. Engagement restrictions can be set at the classroom level only.

**I am an administrator in DreamBox Maths but I do not see the Engagement Restrictions tab.
Can I still edit Engagement Restrictions?**

Only teachers can see the Engagement Restrictions tab. Administrators can open a teacher's Engagement Restrictions tab through the Educators tab on their dashboard.

Can I set engagement restrictions at a school or trust level?

Not at this time.
