READING PLUS

A teacher's guide to the Reading Plus reporting suite

**with DreamBox Reading Plus**

Daisy Education

Reading Plus provides teachers quick access to a complete suite of reports showing usage and progress at student, class and school levels.

This guide explains the various reports on the programme and how to interpret the data. As usual, if you have any follow-up questions or require further training on the reports, please get in touch with our Customer Support Team on **0191 389 6078** or email **readingsupport@daisyeducationuk.com**

Class Use Report (Usage tab)

The Class Use Report makes it easy to ensure students complete their weekly reading assignments. You can view details such as when a student last logged in and the number of minutes spent on the programme.

Class Use Report PDF guide

Class Reading Progress Report (Progress tab)

The Class Reading Progress Report provides a comprehensive picture of students' efficiency/fluency gains and reading level gains in the reading component. You can also view the percentage of students reading below, at, and above year-level expectations.
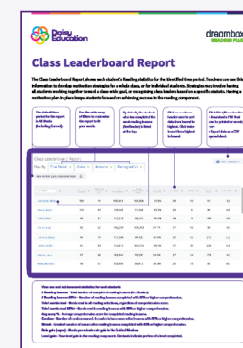

Class Reading Progress Report PDF guide

Class Leaderboard Report (Motivation tab)

The Class Leaderboard Report shows each student's reading data for the identified time period. Teachers can use this information to develop motivation strategies for a whole class or individual students.
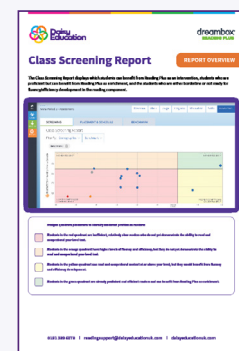

Class Leaderboard Report PDF guide
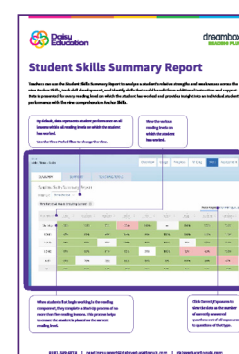

Class Screening Report (Assessment tab)

The Class Screening Report displays which students can benefit from Reading Plus as an intervention, students who are proficient but can benefit from Reading Plus as enrichment, and the students who are either borderline or not ready for fluency/efficiency development in the reading component.

Class Screening Report PDF guide

Student Skills Summary Report (Skills tab)

Teachers can use the Student Skills Summary Report to analyse a student's relative strengths and weaknesses across the nine Anchor Skills (reading domains), track skill development, and identify skills that could benefit from additional instruction and support.

Class Skill Support Report (Skills tab)

The Class Skill Support Report groups students who are struggling with the same comprehension sub-skills such as making inferences or predicting outcomes.

There are links to Teaching Tools such as lesson plans and worksheets that can be used for intervention.

Class Skill Support Report PDF guide

Skills Summary Conversion Report (Skills tab)

On Reading Plus there are 9 Anchor Skills which link to the KS2 reading content domains.

Teachers can use the Skills Summary Conversion Report to see how Anchor Skills relate to KS2 reading domains, and the weightings of content domain skills (retrieval, inference, etc.) in past SATs papers.
