# Your reading partner of choice

Daisy Education UK is the home of DreamBox Reading Plus - the adaptive online reading development programme designed to enhance fluency, vocabulary and comprehension skills.

We support over 1,400 schools with their reading development needs and expanded opportunities for over 145,000 pupils last year alone.

## How Reading Plus works

**If a pupil can't read fluently:**

- They will struggle with comprehension.
- They won't understand what they have read.
- They are less likely to read for pleasure.

Guided by the most prominent reading and pedagogical research from the last 30 years, Reading Plus helps pupils become better readers. Pupils who need to develop their reading fluency will typically see text presented using the patented Reading Plus Guided Window.

The Guided Window scaffolds the reading experience by guiding the reader's eyes left-to-right across a page utilising a moving box. The speed is specific to each pupil and increases when the pupil progresses. This scaffold changes how pupils approach the text, while gradually and effectively increasing the rate at which they can read it with good comprehension and stamina.

With this practice, pupils overcome inefficient reading behaviours such as habitual re-reading and decoding words they already know. Once pupils demonstrate mastery, the scaffold is removed.

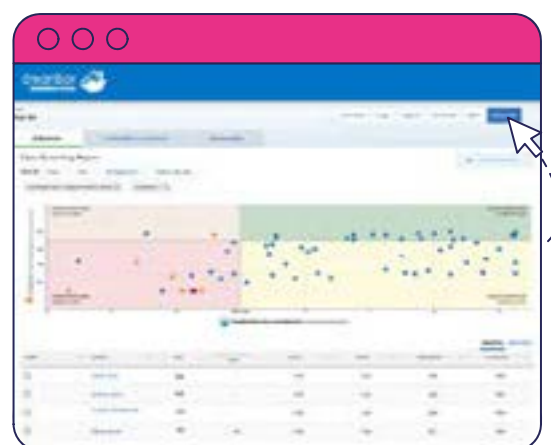

# Comprehensive data - at a glance

Reading Plus provides educators with quick access to comprehensive reports detailing pupil, class and school data – making it easy to evidence impact. Teachers can swiftly pinpoint pupils in need of extra support or challenge and identify specific skill areas, thereby saving valuable time and resources.

No planning is required for Reading Plus sessions, meaning teachers have more time to do what they do best – teach. Additionally, teachers benefit from free training and ongoing support from the dedicated Reading Plus Customer Support Team throughout their licence.

**The Reading Progress Report** makes it easy for administrators to monitor use and progress.

**The Expected Growth Report** helps predict pupil growth over time.

## Rapid results

Reading Plus is designed to **rapidly accelerate reading growth** for pupils at all reading proficiency stages.

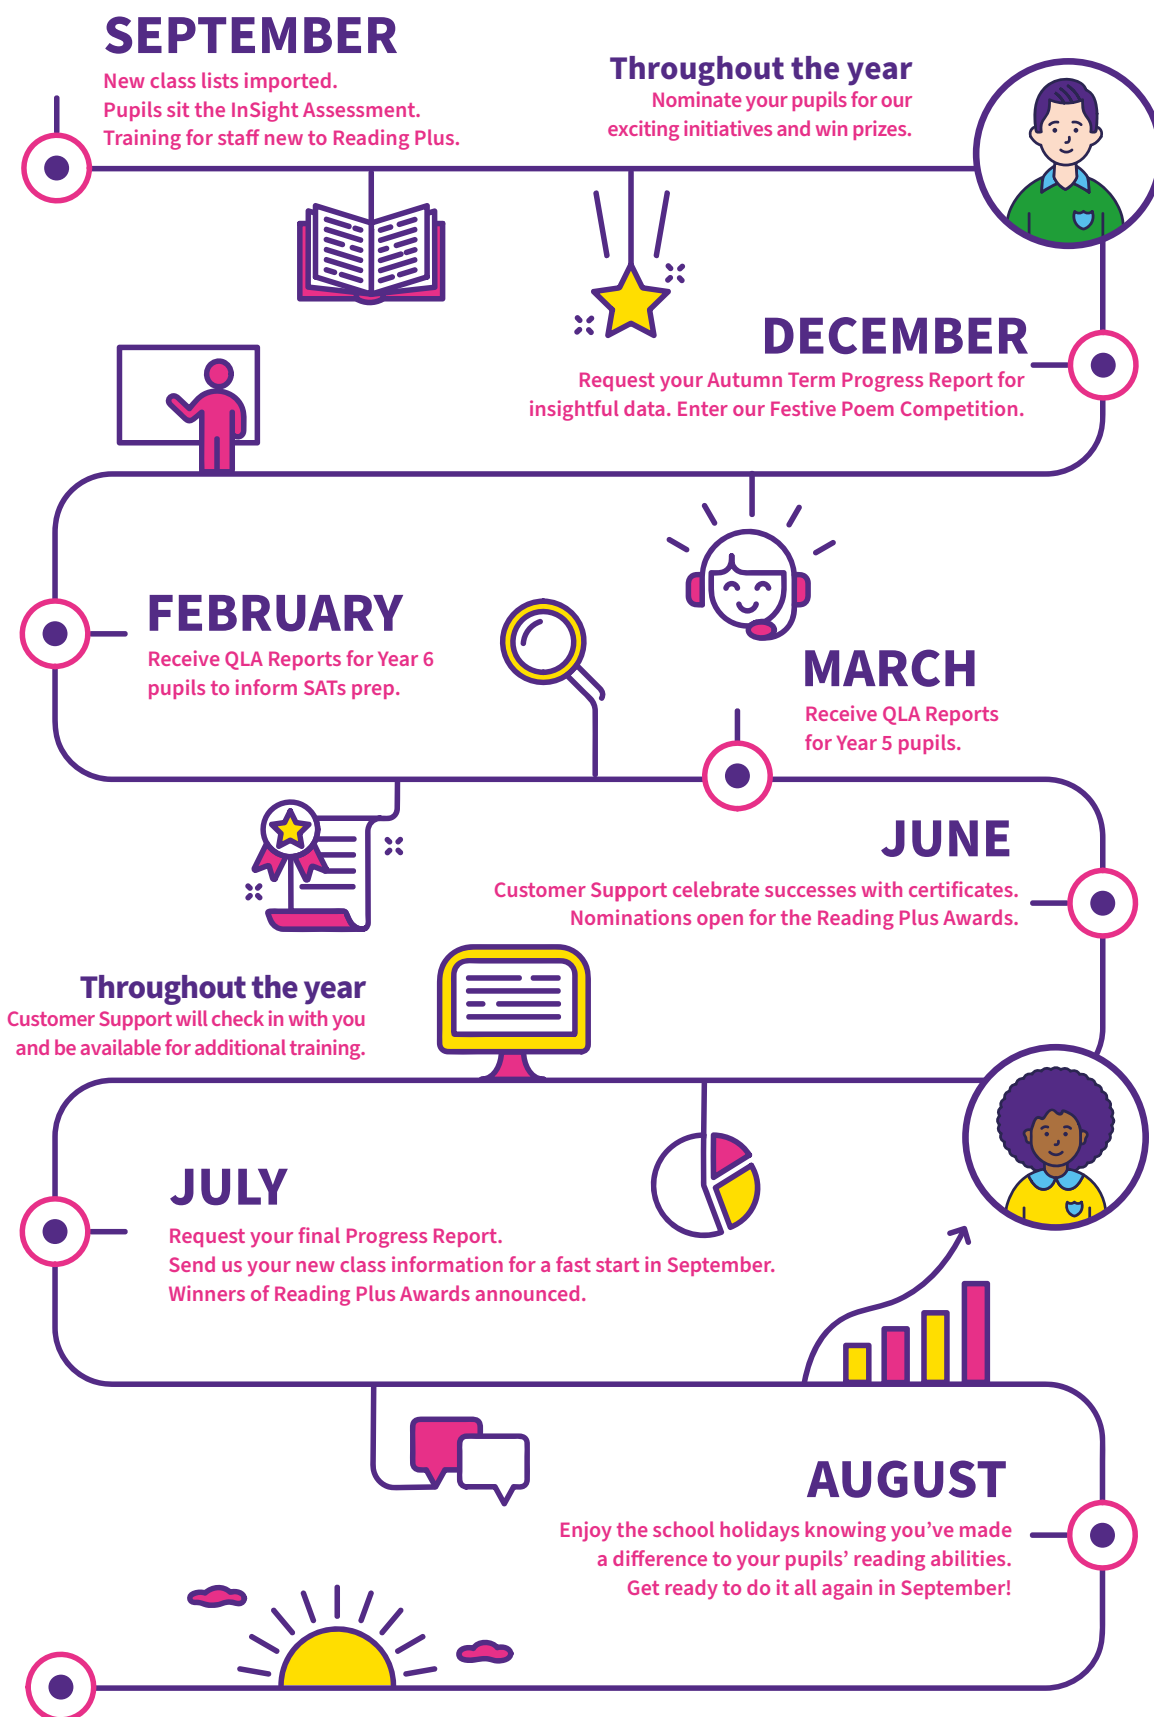

In just 40 to 60 hours of Reading Plus use, Expected and Emerging readers make significant gains to close the achievement gap.

Exceeding pupils at age-related expectations improve proficiency and significantly increase silent reading fluency rates to master higher volumes of complex text.

### Sample instructional implementations

Pupil reading level status	Typical weekly schedule	Total annual instructional time recommendation
Exceeding	2 lessons, 20-30 min each	20 hrs
Expected	3 lessons, 20-30 min each	40 hrs
Emerging	4 lessons, 20-30 min each	60 hrs

# Your Reading plus journey

### Throughout the academic year

#### Training and support

---

As part of your Reading Plus licence, our Customer Support Team is available during school hours to help implement the programme in your school and provide ongoing tailored support checks, training and pedagogic advice.

#### Exciting initiatives

---

We're dedicated to enhancing outcomes for teachers and pupils through our innovative added-value initiatives.

**Star of the Month / Usage Hero:** Four outstanding pupils nominated by their teachers win every month and receive a £25 book voucher, certificate and trophy.

**Reading Plus Champions:** Selected pupils receive prizes and complete exciting reading tasks - such as interviewing a children's author.

**Reading Plus Awards:** Our annual celebration honours the schools, teachers and pupils who made extraordinary achievements with Reading Plus.

**Termly Competitions:** Win prizes and motivate pupils to read!

#### Celebrating successes

---

To celebrate your pupils' success on Reading Plus, we have a range of editable certificates to acknowledge progress and milestones reached. These include levelling up, vocabulary achievements and words read milestones. These are all printable and can be found in the Resources Hub of our website.

#### Support checks

---

Our Customer Support Team regularly carries out checks to ensure your account runs smoothly and identify areas that may be impacting student progression. Our team will offer advice, guidance and further training to ensure you achieve the most impact from the programme.

### September

#### Imports and InSight Assessments

---

Once new class details are imported, all pupils will be ready for the Reading Plus InSight Assessment. It will determine pupils' reading proficiency and automatically place them at their correct reading level in the programme.

### December and July

#### Progress Reports

---

The Reading Plus Progress Report is designed to evidence formative student progression in reading speed, comprehension and vocabulary, whilst also identifying pupils who require further support or intervention. They are also valuable for Business Managers and Governors.

Pupils will need to have read an average of 20 stories per class, per term, to receive the report. Progress Reports are available upon request.

### February / March

#### QLA Reports

---

QLA Reports will be sent to Y5 and Y6 teachers which identify pupils with gaps in their knowledge. These are linked to the domains of reading.

### June

#### Special recognition

---

Our Customer Support Team will acknowledge pupils who have made significant achievements on Reading Plus with an end of academic year certificate.

### July

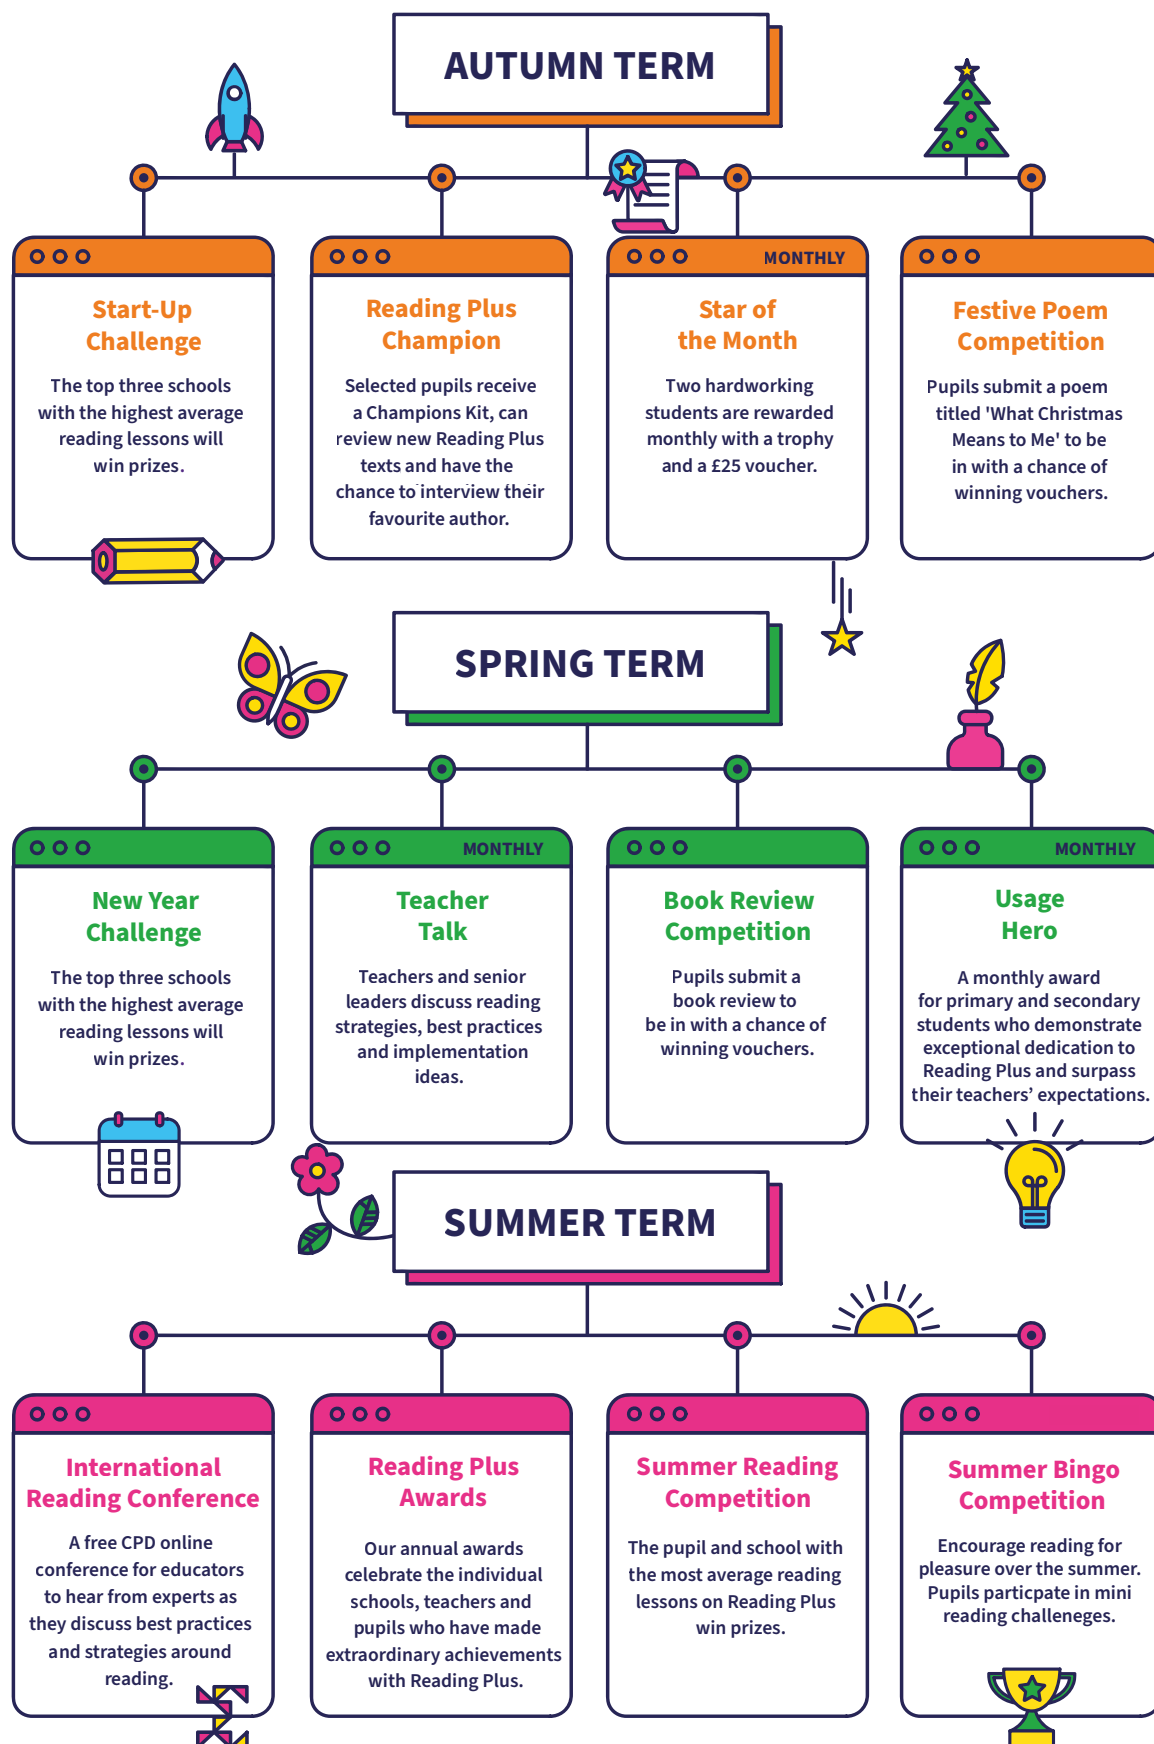

#### New cohorts and class information for September

---

To enable our Customer Support Team to ensure you have a seamless transition in the new academic year, it's time for your school to provide details of new classes and pupils. You will receive email instructions on how to do this.

# Get involved

Follow our initiative calendar to keep your pupils engaged and motivated all year round!

It's one thing to hear us talk about the impact of Reading Plus on pupils' ability to read with confidence and for pleasure. It's another to hear it from the pupils, teachers and schools we work with. Here's how you can get involved:

## Case studies

We have a range of case studies on our website showcasing the impact of Reading Plus on exam results, reading progress, pupils' reading confidence and reading for pleasure. If you want to share your schools success in a case study with us, email [info@daisyeducationuk.com](mailto:info@daisyeducationuk.com)

[Read all our case studies here](#)

"We would highly recommend Reading Plus to other schools as it has had an impact on our Key Stage 2 Reading results. Our current Year 6 cohort have been using Reading Plus since they were in Year 2 and we are delighted with their results, with 89% of children achieving expected+ and 41% achieving greater depth."

**Nichola Lamble, Deputy Head and Key Stage 2 SENCo at Holy Spirit**

"Our current Year 6s are better prepared for SATs since using Reading Plus. It specifically supports their reading speed and comprehension skills, which are fundamental for completing and passing the Reading SATs."

**Lyndsey Curbishley, Curriculum Lead at Whitefield Primary School**

- ✓ A wealth of downloadable resources and training guides.
- ✓ Termly reports to evidence impact.
- ✓ Phone and email support five days a week, 8.15am-4.30pm.
- ✓ Pedagogy advice.

○○○

"The implementation process was extremely easy - Daisy Education UK handed the whole process of importing student data and setting up accounts."

"The support from the Customer Support Team was excellent - there was no issue too big or small for them to help with."

**Alison Smith**

**Lead Practitioner: Excellence in the Classroom at Ulverston Victoria High School**

"The support from the Customer Support Team has been excellent and far superior to the support we have received from reading platforms we have used previously."

"Our dedicated Reading Development Consultant provided all staff with an initial training session to get them started and a clear rationale behind the programme and offered additional training for staff to navigate the data the platform produces."

**Suzanna Morrison**

**Year 6 Teacher, Assistant Principal and English Lead at Whetley Academy**
